Parking

Easy accessibility for patients is a high priority. Parking is plentiful at our large visitor parking garage. At the main entrance of the garage press the button at the parking gate and take a ticket. The gate will rise, proceed into the parking garage area. Remember to take the ticket you received with you to your appointment. They will validate the ticket at the completion of your appointment.
Below are few steps that maybe part of your interventional radiology experience.

**Information Desk**
When you enter the hospital from the parking garage head toward the information desk. It is centrally located within the hospital lobby. The staff at the desk will help point in the right direction based on your appointment.

**Admitting / Registration**
Proceed to the admitting / registration area. Admitting / registration is located on the left hand side. Here you will be given further instructions and they will take your insurance information and copayment if applicable.

**Elevators**
When you reach the elevators press the lower level button located in the lower right hand corner of the elevator key pad. Next select the number four. The elevator key pad will then display the elevator car for you to take to the fourth floor.

**Reception**
On the fourth floor, exit the elevator and follow the signs to interventional radiology. Check in at the reception desk. They will guide you in how to get to the changing room and on to interventional radiology.

**Interventional Radiology**
Interventional Radiology is a specialty of Radiology, which utilizes minimally invasive image-guided procedures to diagnose and treat diseases in nearly every organ system. The imaging expertise of our radiologists is leveraged to diagnose and treat patients using the least invasive techniques currently available in order to minimize risk and to improve health outcomes. Procedures can be performed under x-ray, CT or ultrasound guidance, allowing real-time imaging of the body and guiding specialized diagnosis and therapy. Your Radiologist will evaluate each case and determine which imaging is best for you.

**Interventional Radiology Care Unit**
Before, during and after your procedure, you will receive care from our team of experts.

**Following your procedure**
Following the procedure a report will be made by our Board Certified Interventional Radiologists and sent to your care provider. Our team contact information will be provided to you and we will be available to answer any questions you may have following your care.

**Digital Library**
Your study will be stored in our system, and if you require a copy, just ask at the time of the study. A disc will be printed and you can take it with you. If you require a copy later you may contact us at 631-638-2121.

**Departure Process**
After your appointment is finished and you have changed back into your street clothes, proceed to the check-out desk. Please give the attendant the parking pass you received upon entering the garage. They will validate the ticket, allowing you to leave the garage.
